DIRECTORS' REPORT

Dear Members,

Your Directors are pleased to present the 12th Annual Report and the Company's audited financial statement for the financial year ended 31st March 2018.

STATE OF AFFAIRS OF THE COMPANY

The primary objective of your Company is to establish a low cost Airline based at Cochin International Airport to benefit the huge population of Non Resident Keralites in the Middle East.

In the National Civil Aviation Policy (NCAP) issued by Ministry of Civil Aviation (MoCA) on 15th June 2016, the requirement of 5/20 has been partially modified. Currently, the requirement that mandated the airlines to have five years of domestic operations to be eligible to fly overseas, has been scrapped. However, an airline can commence international operations provided that they deploy 20 aircrafts or 20% of total capacity (in terms of average number of seats on all departures put together), whichever is higher for domestic operations. Even though, the Government of Kerala had earmarked Rs.10 crore in the previous State Budget to commence the commercial operations, the Company could not initiate actions due to the existing restrictive clause of deployment of 20 aircrafts for commencing the international operations.

DIVIDEND AND TRANSFER TO RESERVES

Your Directors have considered it financially prudent in the long-term interests of the Company to reinvest the profits into the business of the Company to build a strong reserve base for the growth of the business. No dividend has therefore been recommended for the year ended 31st March 2018 and no amounts have been transferred to General Reserve Account.

We have audited the internal financial controls over financial reporting of **AIR KERALA INTERNATIONAL SERVICES LIMITED** ("the Company") as of 31st March 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143 (10) of the Companies Act 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India

Use of Estimates and judgment

The preparation of financial statements in conformity with Ind AS, requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

i) Revenue Recognition

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the interest rate applicable.

ii. Earnings per share

The earnings considered in ascertaining the company's Earnings per share, comprise of the net profit after tax. The number of shares used in computing the basic earnings per share is the weighted average number of equity shares outstanding during the year. The number of shares used in computing diluted Earnings per share comprises the weighted average shares considered for deriving the basic earning per share.

iii) Taxes on Income

Income tax expense comprises current tax and deferred tax charge or credit. The current tax is determined as the amount of tax payable in respect of the estimated taxable income of the period. The deferred tax charge or credit is recognised using prevailing enacted or substantively enacted tax rates. Where there are unabsorbed depreciation or carry forward losses, deferred tax asset are

A disclosure for a contingent liability is made when there is a possible obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made. Contingent assets are neither recognised nor disclosed in the financial statements.

vi) Cash and cash equivalents

Cash and cash equivalents comprise cash on deposit with bank and financial institutions. Fixed Deposit with bank split into up to 3 months and more than 3 to 12 months.

vii) Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of deferrals or accruals of past or future operating cash receipts or payments and item of income or expense associated with investing or financing cash flows.

viii) Risk Management

The Company's activities expose it to a variety of risks: credit risk, liquidity risk, and performance risk of contracts.

Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable.
